

S Tryon Street Band & Gerald Moore to launch their second single – "Imagine"

The former one is a beautiful composition of the contemporary gospel with a soothing music arrangement by S Tryon Street Brand.

Charlotte, Aug 7, 2020 (IssueWire.com) - After the success of their first single, 'You're the One', S Tryon Street Band and Gerald Moore are back with their new single, 'Imagine'. The former one is a beautiful composition of the contemporary gospel with a soothing music arrangement by S Tryon Street Brand. The new single, 'Imagine', will have similar magic. The song speaks of dreaming of being at a better place, which is what we all need at the current situation.

The song is arranged and produced by Teddy Young, who was a former drummer for Wilson Pickett, Joe Simon and Marvin Gaye, to name a few artists. His music composition was widely appreciated in the 'You're the One', increasing the expectations with the new single 'Imagine'. The perfect combination of Teddy Young and Gerald Moore's soothing vocal is expected to love by music lovers and hopefully will become a new favourite.

The single, 'Imagine', by S Tryon Street Brand and Gerald Moore will release online on 26 August 2020. It will be available on CD Baby, iTunes, Amazon, Spotify and on all the online platforms.
