

Training Express to offer Food Hygiene and Safety Level 2 Course for free

London, Aug 21, 2020 ([Issuewire.com](https://www.issuewire.com)) - Recently, **Training Express**, one of the leading online course providers in the UK has announced free courses for learners. Now learners can access the [**Food Hygiene and Safety Level 2**](#) online course completely for free till 31st August 2020.

COVID-19 lockdowns have changed the country drastically. It has become a new normal and people started to get used to it. After a long shutdown throughout the country, offices, malls and restaurants started to open again. People started coming out from the home and trying to cope up with the new normal. Soon hotels, restaurants and pubs are going to be very busy as they used to be before. In this situation, food safety and hygiene will be the major concern in the upcoming days. This is why **restaurants' and pubs'** employees need to have proper knowledge on food safety hygiene best practices and standards.

This is the reason, Training Express has offered Food Hygiene and Safety Level 2 Course completely for free. Training Express wants to help the food industry with proper food safety and knowledge so that the industry can survive in this crucial world emergency. However, they also wanted to help those aspiring learners who want to flourish their career in the food industry.

In this **Food Hygiene and Safety Level 2 Course**, learners will get the in-depth idea on the food standards and complete knowledge on how to work in compliance with the EU regulation 852/2004 hygiene for Foodstuffs. After completing this course learners will gain the practical skills and in-depth

knowledge on food safety, personal hygiene management, temperature control and HACCP planning.

When asked, **Training Express** Business Development Manager, Brandon Preston said “We’re proud to give an in-demand course to our learners for free of cost. It will ensure their professional competence in the catering and hospitality industry with a recognised Food Hygiene Certificate,”
