BeatsbyShackles started his Musical Journey at the age of 17 creating what he loved in his room, being inspired by several Music Producers on Spotify. He recently released a track, "Alien" and has plans on releasing several other tracks this year to top the Charts.

BeatsbyShackles is known for his anonymous appearances, where he wears a Teddy Bear mask. The reason for this was because of his shyness. He also said that there is a total difference between his normal appearance and his Teddy bear appearance because his behaviors aren't the same.

Watch Out for Beatsbyshackles this 2020. BeatsbyShackles is an independent Producer. (not signed to a record label).
