

Black Empowerment Startup Brand Launches with Men's Underwear

Pro Black London, a black-owned male underwear brand, has launched. The brand promotes black empowerment for minority businesses and to elevate black people.

London, Sep 22, 2020 ([IssueWire.com](https://www.issuewire.com)) - In light of the Black Lives Matter movement, Pro Black London, a London based startup, has announced its new brand and official website www.problacklondon.com. Pro Black London is a black-owned company that focuses on clothing for both male and female. This newcomer fashion startup produces male underwear, which boosts confidence, finesse, comfort, and style for men in all walks of life. During the brand launch, a Pro Black London Founder said, *"By supporting black-owned businesses you are not only supporting black communities., but also strengthening local Black economies. By purchasing more from Black-owned businesses, you can also contribute to shrinking the racial wealth gap"*

Pro Black London's main product is male underwear created in comfortable and high-quality materials, which boost confidence and comfort in daily use. With a well-designed and easy to navigate site, Pro Black London presents a great shopping experience and accepts worldwide orders.

"We have released three packages of trunks which you can choose with confidence and as needed. Said a Pro Black London Founder. Pro Black London has released 3 packages of male underwear designed to absorb excessive sweating and keep the body cool. They include PRO BLACK MEN'S TRUNKS (SINGULAR), PRO BLACK MEN'S TRUNKS (3PACKS), AND PRO BLACK MEN'S TRUNKS (3PACKS-MIXED). The first package PRO BLACK MEN'S TRUNKS (SINGULAR), the package only contains a single Trunk with a price of £15. Moreover, the second package PRO BLACK MEN'S TRUNKS (3PACKS), contains 3 trunks with a single color, and the price is £40. While the third package is PRO BLACK MEN'S TRUNKS (3PACKS-MIXED), it contains 3 trunks with several color combinations. PRO BLACK MEN'S TRUNKS (3PACKS-MIXED) price is the same as the second package.
