London, Sep 18, 2020 (Issuewire.com) - Del Gibbons has teamed up with celebrated singer Marina Berry and top remixer Fonzerelli to write and record a new track in order to give support to the events and arts industry which has been affected badly by Covid situation in 2020. By employing professionals in the studio, mix and mastering spaces, Marina and Del hope to give a little help to those affected.

"we have been talking about doing a song together for a decade! We finally got round to doing it and in the process managed to help out events and arts professionals who have been so badly affected by the theatres and arts spaces closing during the Covid situation" said Del Gibbons.

Marina has over 10 years experience internationally as a lead singer, front-woman, backing vocalist and session singer. She has been on the same bill and supported artists such as Alicia Keys, Brian May, Paloma Faith, Madness, Jess Glynne, Jessie J, Boyzone, JLS and All Saints, and has worked with Peter Andre, The Feeling, X factor winners Sam Bailey and Louisa Johnson to name a few. He also had his own productions and remixes played on Saturday nights on BBC Radio 1 than any other artist in 2006 and 2007, as DJ Judge Jules was a massive supporter of Fonzerelli's work.

His single "Dreamin' (Of A Hot Summers Night)" hit number 2 in the DMC Buzz Chart and number 6 in the Cool Cuts Chart. Many of the world's major and influential labels have commissioned Fonzerelli remixes for acts such as Fedde Le Grand, J.
