Quickview

Established in 2009, the Dony Garment Company, a subsidiary of Dony International Corporation, is a garment manufacturer specialized in producing clothes and uniforms in Vietnam. Since then, the company has made a splash in the garment industry both domestically and internationally.

In the domestic market, Dony Garment is one of the biggest manufacturers in the field of uniforms.

In the international market, the organization is the main supplier for some fashion shops and makes uniforms for many companies, groups all over the world.

Dony's office and workshops are situated in Ho Chi Minh, which is the economic center in Vietnam. This facilitates cooperation, production, and distribution of the company.

Latterly, Dony Garment has 3 predominant businesses

- Producing uniforms for companies, enterprises, teams.
- Producing fashion clothes for brands and shops.
- [Producing for EWX, FOB, CIF, DAT, DAP, etc export products.](#)

Dony focuses on the production of large quantities and on-demand products overseas which are highly demanded by the market.

By capturing the needs of society, Dony Garment has produced the most appealing, eye-catching, and suitable products for the customers, creating a prominent apparel brand as it is today.

Businesses

Dony has owned 3 manufactories about sewing, printing, embroidering with modern technology machines

- The factory equips 4 sewing lines, comprising different 60 sewing machines administered by more than 80 proficient laborers and 40 other employees in pattern making, cutting, fabric spreading packing, quality controlling...
- The printing workshop has 4 silkscreen printing tables, 3 thermal transfer printers, and 12 separate embroidering machines.

The quantity of commodities that the factory can produce is from 30 to 30000 units in total. Four-fifths of the orders are about 500 to 10000 pieces in one single turn.

Outstanding products

With its diversity in production, Dony can manufacture more than 9 different types of clothing items, with cool, non-toxic, non-irritating, protective materials, meeting customers' requirements, while still managing to stay trendy.

Among the wide range of products that the company can produce, there are 4 impressive types, which are chosen by customers to trust and order the most. That is the uniform garment, fashion garment, and sewing on request. But the one that leaves them all behind, is none but Dony's never-seen-before masks.

In the battle against the COVID-19 pandemic, the company has joined the global fight by producing protective gear that has been in continuous demand including face masks. So, they have become the company's main production line throughout the last few months and have been vastly sought after worldwide.

The [Dony Mask](#) is produced with the highest standards and are:

- Anti-droplet (Intertek, TUV tested, and certified). Don't worry about splashing because the mask is designed to be safe enough not to get caught in the water.
- 99.9% antibacterial (efficiency after 30 washes with common washing powder, as the safety index of a new one you just bought)
- Medical packing and sterilized (by ethylene oxide). Ensuring that when they reach customers, these masks are safe and defensive to them.
- Chemical-free and reusable. They can be used by all ages especially children and protect the environment.

Dony has achieved prominent certification on quality and safety from Vietnam, French, Germany, the United States, and other countries from the very beginning. Its masks have met standards for protecting public health from the US Food and Drug Administration (FDA), certified by the Directorate General of

Armaments (DGA) from France, and received CE certification from French Cert.

Most importantly, Dony Masks have been approved by the REACH Certificate of Compliance from Germany, which is the most vital document as it guarantees that Dony's products are compliant with the EU REACH regulation (EC).
