

'Fun With ABCD' easy learning for pre-schoolers in Covid-19 times

Bhopal, Sep 28, 2020 (Issuewire.com) - New app to help toddlers with their preschool learnings at home during these covid-19 times.

The android app '[Fun With ABCD](#)', available on Google Play is a complete package for pre-school learning. It contains alphabets as well as sounds. Each alphabet is accompanied by colourful flashcards

accompanied with their respective sounds. So the young learners not only learn alphabets but also learn the pronunciations.

Among other sections, it contains numbers, animal names, bird names, shapes, color names, seasons, vegetable names, fruit names and a lot more. The [ABCD for kids](#) becomes fun with this app and it is also packed with simple interactive yet engaging games for toddlers to make learning more fun.

The most important aspect of this preschool learning app is the way it has been designed. The user interface is designed in such a way that it could be used by the kids themselves, thus as the young ones can use it themselves it keeps them hooked to play and learn while they play. The games keep praising the kids as and when they choose the right options, this has been done in the light of one of the WHO parenting tips during covid-19, which says, 'Try praising your child or teenager for something they have done well. They may not show it, but you'll see them doing that good thing again. It will also reassure them that you notice and care'

The other features of this preschool learning app includes the functions like pages could be swiped to change images and sounds, it could be changed using buttons, or parents can also set it on auto-slideshow mode and watch their kids play and learn.

Learning is now fun!

- Learn with sounds
- Pictures of real objects
- Simple interactive games
- Alphabets, numbers and much more

Learn alphabets with real objects

Simple interactive games for young learners

Alphabets

The image displays three smartphone screens from the app. The first screen shows the letter 'E' and 'e' above a picture of an elephant with the word 'Elephant' below it. The second screen shows the letters 'D', 'R', 'T', and 'G' in various colors. The third screen shows a grid of the alphabet from 'A' to 'Z' in various colors.
