

Get to know Board-Certified Registered Nurse & Professional Legal Nurse Consultant, Edith N. Crider

Edith N. Crider, MSN, BS, RN-BC, PLNC, a Board-Certified Registered Nurse & Professional Legal Nurse Consultant with Project C.U.R.E., Inc.

New York City, Sep 17, 2020 ([Issuewire.com](https://www.issuewire.com)) - Edith is a board-certified registered nurse & professional legal nurse consultant specializing in psychiatric mental health nursing, ambulatory care, consulting and chemical dependency. She is a nursing supervisor at Project C.U.R.E., Inc. in Moraine, Ohio.

Project C.U.R.E., Inc. is an addiction treatment center that provides comprehensive, recovery-oriented substance abuse treatment with dignity and respect. Professional and accredited services include counseling, methadone administration, and case management. "We become active partners with our

community by creating productive citizens through recovery from substance abuse in a safe and accountable manner.”

Before embarking on her professional journey, Edith obtained her nursing degree from Dayton School of Practical Nursing in 1972. She then went on to earn her Bachelor of Science in Organizational Management (BS) degree from Wilberforce University, followed by her Master of Science in Nursing (MSN) degree from the University of Phoenix.

A Registered Nurse (RN-BC) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province or similar licensing body to obtain a nursing license and board certification in his / her field. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.

A Professional Legal Nurse Consultant (PLNC) is an experienced professional in the nursing industry that is qualified to work as a legal consultant on medical cases. PLNCs may be current or former practicing nurses.

On a more personal note, Edith is a mother, grandmother, great grandmother and leader of Health Ministries at Ethan Temple Seventh Day Adventist Church. She is in a long time loving relationship.
