

Jamall Robinson Enters Into Distribution Deal With Apple And Google For “Go Viral” App

Jamall Robinson, CEO of I Rock Music Inc., reaches the distribution deal with Google and Apple for the American version of the Tik-Tok App. The company is out with its new app, “Go Viral.”

Los Angeles, Sep 9, 2020 ([Issuewire.com](https://www.issuewire.com)) - **Go Viral App** by I Rock Music Inc. is an all-new American version of the Tik Tok app. The scheduled app was released after the news of the ban on Tik-Tok came into limelight. The company was in talks with Google and Apple for distributing this new viral

app. As the CEO of the company, **I Rock Music Inc.** has clinched a deal, so they are soon going to release the 'Go Viral App' for American users.

In the words of **Jamall Robinson**, CEO of I Rock Music Inc., "Go Viral app is an all-round destination for the mobile users. You can create original videos through this app and showcase your talent to others. The app consists of many easy to use tools and filters to make changes in the video accordingly. Even users can engage with what they like and skip what they don't. While talking about clinching a deal with these two big platforms, he said that it will now be fun and entertainment for both iPhone and Smartphone users to download this app for free."

Go Viral App is going to be at the center stage in American entertainment, as users can create, edit, and launch their videos. One can shoot or pause the video whenever they like. Moreover, users can explore and watch videos of different genres. It can be gaming, sports, DIY, pets, and much more.

I Rock Music Inc. is pleased to Go Viral with this American Tik Tok version. Users can download it at <https://play.google.com/store/apps/details?id=com.goviral.app&hl=en>.
