

## Jordan Roth, DDS, an Orthodontist with Fried & Roth Orthodontics

Get to know Orthodontist Dr. Jordan Roth, who serves patients in Lyndhurst, Ohio.

**New York City, Sep 30, 2020 ([Issuewire.com](https://www.issuewire.com))** - After more than 10 years away from home, Dr. Jordan Roth is thrilled to have returned to his hometown of Cleveland to start his career. Born and raised in Cleveland, he graduated from Emory University in Atlanta where he earned his undergraduate degree and continued on to The Ohio State University College of Dentistry, where he graduated at the top of his class. Dr. Roth then earned his orthodontics and master's degree in a three-year residency

program at Columbia University in New York City.

Dr. Roth works alongside Dr. Marc Fried at their private practice, Fried & Roth Orthodontics in Lyndhurst, Ohio. They are built on a reputation of offering clinical excellence, 5-star service and outstanding patient experience.

“Whether your treatment involves the use of braces or clear aligners, such as Invisalign, our team of skilled professionals is dedicated to providing each patient with the compassionate, individualized care they deserve. Using our precise mix of cutting-edge technology and time-proven methods, we will work tirelessly to give you a smile you can be proud of!” as stated on their website.

A member of the American Association of Orthodontists, American Dental Association, Alpha Omega dental society and local study clubs, Dr. Roth seeks out to remain informed of the latest developments in orthodontic treatment options and technologies.

Outside of the office, Dr. Roth is an avid Indians, Browns, and Cavs fan. He enjoys playing tennis, traveling, hiking, biking, skiing, and golfing with his closest family and friends. He and his wife, Lauren have a cavapoo puppy named Henry.

Orthodontics is a specialty of dentistry that deals with the diagnosis, prevention, and correction of malpositioned teeth and jaws. Orthodontists are responsible for identifying problems with the positioning of a patient’s teeth and with their oral development. They utilize the most advanced procedures and equipment available to ensure that every patient achieves a healthy and beautiful smile.
