Stay tuned and subscribe to <https://ditto.fm/melbourne-overdose> to be the first listener on this track.

"This track is a special collaboration between two of us. This is my first Melbourne Bounce track release as well as his. This track also shows that where we live is not an obstacle to produce a good vibes collaborative track, and we'll let the world hear behind its meaning, no matter how far the oceans may divide us as individuals. As artists, we believe that love will prevail!" said Mou5ZyZZ, the Mou5 Chee5e Records CEO.

In addition to the new released track, Mou5ZyZZ explained, *"The track deals with the excitement and mysteriousness of meeting a stranger in a crowd of thousands of people. Despite the amount of people, you somehow feel attracted to this stranger. The track is building up to its climax while enumerating all of the things you want to do and want to be for that stranger, thinking you could rock their world. But finally, you come to the realization that when it's said and done, that stranger will be too much to handle for you, an OVERDOSE."*
