Get the book before the home to save yourself more than just frustration.

New York City, Sep 2, 2020 (IssueWire.com) - This book answers questions you haven't even come up with yet which will make the home buying process much easier by arming you with the knowledge to make informed decisions.

"Buying a home is a milestone event, I want to make it easier by simply providing information that I've seen new homeowners have over the last two decades".

Mohamed T Gulamali is the Vice President of Sales for Legacy Financial, a NY mortgage broker. He has 2 decades of experience in the financial industry & strives to be a master of his craft.

He prides himself in being able to articulate the mortgage process in an easy to understand way at seminars and this is also reflected by his numerous published articles & Steps To Home Ownership being his second book.

Steps To Home Ownership chief goal is to make the home buying process simpler by answering questions that haven't come up yet which alleviates a lot of the stress within the process. 100% of the proceeds from this book go towards local food pantries to further help the community.

Topics covered are: Home Ownership Pros & Cons; Different Property Types; Basic Requirements to buy a home; What the roles of your team members are; Advantages of using a Buyers Agent; What a Pre-Approval is; How to property hunt; How underwriting works; A step by step guide on what to expect; Mortgage Tips & Warnings along with forms to help you find & compare homes.
