

Wonil Yoon, DC, a Chiropractor with Yoon Family Chiropractic

Get to know Chiropractor Dr. Wonil Yoon, who serves patients in Irvine, California.

New York City, Sep 16, 2020 ([Issuewire.com](https://www.issuewire.com)) - Dr. Yoon is a licensed chiropractor serving the Irvine, California community at Yoon Family Chiropractic. Specializing in gentle chiropractic care for children and adults, he is committed to promoting optimal health and well-being of his patients.

Unlike conventional medicine which focuses on attempting to treat disease once it occurs, Yoon Family Chiropractic emphasizes improving health through regularly scheduled treatments. This is in an effort to reduce the risk of pain and illness in the first place.

With an aim to free individuals from pain, the doctor uses a “whole person approach.” This approach to wellness means looking for underlying causes of any disturbance or disruption, and making interventions and suggesting lifestyle adjustments that are necessary to optimize a person’s health and

body functions. Using this unique approach, Dr. Yoon is able to help patients to accelerate and/or maintain their journey to good health.

Chiropractic is a form of alternative medicine that mainly deals with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. A chiropractor uses spinal adjustments, manipulation, and other techniques to manage patients' health concerns, including neck pain and back pain. They aim to improve patients' functionality and quality of life by properly aligning the body's musculoskeletal structure and enabling the body to heal itself without the use of medication or surgery.
