

Yosef & Michal Shneor Announce 10 Week Online Kabbalah Class To Create The Life You Want: Health, Love, Success, Purpose

Tel Aviv, Sep 9, 2020 ([Issuewire.com](https://www.issuewire.com)) - Yosef & Michal Shneor, global spiritual teachers at the Kabbalah Centre (www.kabbalah.com) have announced an exciting 10 week online Kabbalah 1 class on September 15, 2020, that will be available to anyone in the world who is actively looking to improve any aspect of their life.

Whether it's to better understand how all the current chaos and crisis in the world is an illusion that we can actually spiritually grow from and manifest the life we were meant to live, or, have a basic introduction to powerful spiritual tools that we can use every day, the class will take a deep and practical dive into the wisdom of Kabbalah.

"The wisdom of Kabbalah is the most accurate and precise way for me to achieve my personal perfections as a human being", states Yosef. "This allows me to manifest the power of the Creator inside me"

Kabbalah 1 is a paradigm-shifting course that reveals the secrets of kabbalistic teachings, the golden rules you can master if you seek more fulfillment in your life. Kabbalah explains that there is the world that we see (the physical world) and a much larger realm, just as real, that is unseen (the spiritual world).

Michal explains that "Since I was a teenager, I used to ask myself meaningful questions about life, the world, my family, relationships, friends, and my purpose. I knew that I came to this world to do something special and I knew that there is something special in the world". Michal continues that "Life cannot just fly randomly where you go to work, pay for a mortgage, and raise kids. There must be something bigger and behind all of this. The wisdom of Kabbalah started to give me those answers".

The class will reveal how we are souls from the spiritual world living in bodies of the physical world. The wisdom of Kabbalah explores both, explaining the spiritual laws of the universe in order to improve and enhance our life experience in this world.

"The power to impact positive change in myself and my surroundings", adds Yosef, "The teaching itself and the study through the ancient texts of Kabbalah is not just an intellectual study, but is something that impacts us and affects us on a most inner way that allows us to grow and to reveal how beautiful our soul is".

The online class will be Donation Only and accessible to anyone globally who is seeking a proactive spiritual solution to self-transformation in any area of their life: health, finances, love, relationships, children, happiness, and long-lasting true personal fulfillment.

The class time is 7 p.m. CEST (London/Europe), 2 p.m. ET, 1 p.m. CT, and 11 a.m. PT. Anyone who lives in a different time zone will also be able to watch a recording of each class.
