

Daniel J. Lenihan, MD, FACC, FESC Cardiologist with the Cardio-Oncology Center of Excellence at Washington University Sc

Get to know Cardiologist Dr. Daniel J. Lenihan, who serves patients in St. Louis, Missouri.

New York City, Oct 26, 2020 ([Issuewire.com](https://www.issuewire.com)) - Dr. Lenihan is an accomplished cardiologist serving as the Director of the Cardio-Oncology Center of Excellence at Washington University School of Medicine. He has been nationally and internationally active in striving to optimally manage cardiac issues in patients with cancer. This includes enhancing cardiac safety during cancer therapy, as well as preventing cardiac dysfunction in patients who have survived cancer. Additionally, he has been extensively involved in the development of novel therapy and early diagnosis of cardiac amyloidosis.

The Cardio-Oncology Center of Excellence at Washington University School of Medicine works closely with the Siteman Cancer Center Physicians to provide expertise in diagnostic testing, medical management, and interventional and surgical procedures for cancer patients. It is unique because it brings together cardiologists, oncologists, basic, translational, and clinical researchers who work together in promoting cardiovascular health in patients with active cancer or survivors.

The mission of the Cardio-Oncology Center of Excellence is “to eliminate cardiac disease as a barrier to effective cancer therapy in all of our patients at Washington University School of Medicine.”

In the early days of his academic career, Dr. Lenihan graduated with his medical degree from the University Tennessee College of Medicine in 1988. He then went on to serve his residency in internal medicine at Wright-Patterson Medical Center in 1991, followed by his fellowship in cardiovascular disease at University of Cincinnati in 1995.

A Fellow of the American College of Cardiology (FACC) and the European Society of Cardiology (FESC), he is board-certified in internal medicine, cardiovascular disease & advanced heart failure and transplant cardiology by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world. He is also board certified in Cardio-Oncology by the International Cardio-Oncology Society.

Alongside his clinical role, Dr. Lenihan serves as a Professor of Medicine within the Division of Cardiovascular Diseases at Washington University School of Medicine. His research interests include cardiac biomarkers, hemodynamic assessments, and the development of educational tools/curriculum in Cardio-Oncology and the optimal treatment of cardiac amyloidosis.

Cardiology is a branch of medicine that deals with the disorders of the heart, as well as the circulatory system. The field includes medical diagnosis and treatment of congenital heart defects, coronary artery disease, heart failure, valvular heart disease, and electrophysiology. Cardiologists are doctors who diagnose, assess, and treat patients with diseases and defects of the heart and blood vessels (the cardiovascular system).

An authority in his field, Dr. Lenihan’s various awards and recognitions include: College Scholars Program, University of Tennessee (1980); Department of Energy, National Research Grant, Oak Ridge Associated Universities (1983); Health Professions Scholarship, United States Air Force (1984); Outstanding Scholar-Athlete Award, University of Tennessee (1984); Wyeth-Ayerst Fellow Reporter Award, American Heart Association (1992); Syntex Scholarship Award, American College of Cardiology (1994); Cardiovascular Meeting Grant Award, ACC/Genentech (1995); Staff of the Year Award, Wright

Patterson Air Force Base (1996); Top Doctors, Castle Connelly (2008); and Enrique Lopez Award for Innovative and Humanitarian Achievement (2013).
