Discipline Because We Love talks about DISCIPLINE. Teaching your child right from wrong through guiding, role modeling, teaching, and nurturing them. All children need discipline. Some need more discipline than others, but remember, children, come into this world with no knowledge of right from wrong. Everything they learn about what is right and wrong is taught to them through their parents, grandparents, teachers, and significant adult role models.

Jean's strengths are growing programs into high-quality care and learning centers for young children. In 2007, Jean earned her masters of education—early childhood from the University of Phoenix. Now Jean is passing on her legacy by teaching early childhood education classes to students at the college level. Jean has been a presenter on numerous occasions at early childhood conferences, been a keynote speaker, and worked as an early childhood consultant for many years.
