

Irina Adler, DDS, a Periodontist with Manchester Dental Surgery & Implant Center

Get to know Periodontist Dr. Irina Adler, who serves patients in Manchester, New Hampshire.

New York City, Oct 23, 2020 ([Issuewire.com](https://www.issuewire.com)) - Dr. Adler is proficient in all aspects of periodontal and reconstructive surgery, sinus grafting, dental implants, oral pathology, and periodontal treatment. Working in private practice since 2007, she sees patients at Manchester Dental Surgery & Implant Center.

Manchester Dental Surgery & Implant Center is a patient-centered periodontal office in Manchester, New Hampshire offering a full range of periodontal services, including dental implants. The practice is committed to providing patients with individualized, quality care in a safe and caring environment, believing that periodontal health is the foundation to overall dental health.

With a broad educational background, Dr. Adler graduated with her Bachelor of Science degree in Biology and Minor in Mathematics from Pace University in 1999. She identified her passion for dentistry early in her undergraduate studies and immediately proceeded to dental school.

After graduating from the New York University College of Dentistry in 2003, Dr. Adler elected to complete her general practice residency in oral and maxillofacial surgery at the New York Presbyterian Hospital of Cornell and Columbia Universities, Memorial-Sloan Kettering Cancer Center. She ultimately completed her residency and Certification in Periodontology from Rutgers University in 2007.

Cultivating excellence in comprehensive dentistry, Dr. Adler is a board member of Seattle Study Club.

Periodontics is the dental specialty focusing exclusively on the inflammatory disease that destroys the gums and other supporting structures around the teeth. A periodontist is a dentist who specializes in the prevention, diagnosis, and treatment of periodontal, or disease, and in the placement of dental implants.

Outside of her passion for periodontics, Dr. Adler is constantly seeking the latest research in personalized medicine. She believes it is imperative to understand the entire person rather than focusing on a single disease.

On a more personal note, she lives in Southern New Hampshire with her husband and three children. She also enjoys spending time skiing, hiking, and cooking.
