

King Aaron Photography LLC., A Rising Star

Paterson, Nov 1, 2020 (IssueWire.com) - King Aaron Photography LLC., run by photographer Aaron King has been quickly rising in the fashion industry, specializing in beauty pageants, fashion/beauty, and image branding. King was the National photographer for Miss Grand National and Miss Supranational both in August 2019; King also was the judge for the 2020 Miss New York USA pageant system.

Kings recent success stems from a hard work mentality that he says he learned as a student-athlete at the University of Connecticut, “When I was a student-athlete at UConn, I learned the importance of hard work. That’s how you win a championship. I use those same principles to run my business.”

King plans to continue working with the Miss USA organization and modeling agencies such as EMG models, Wilhelmina models, State management, and EWH management to name a few.
