20 Minute Rapid COVID-19 Antibodies & PCR Molecular Tests

An **artibody fest** looks for antibodies that are made by your immune system in response to a threat, such as a specific virus. Antibodies can help light infections. Antibodies can take several days or weeks to develop after you have an infection and may stay in your blood for several weeks or more after recovery. Secause of this, antibody tests should not be used to diagnose on active coronavirus infection. At this time researches as not know if the presence of antibodies means that you are immune to the coronavirus in the future.

A diagnostic test can show if you have an active coronavirus intection and should take steps to quarantine or solate yourself from others. Currently there are two types of diagnostic tests which detect the virus - molecular tests, such as RT-FCR tests, that detect the virus's genetic material, and entigen tests that detect specific proteins on the surface of the virus.

PRO Testing sites are experiencing a high level of traffic. Please expect a wait time of 30 minutes to an hour, Residents should bring water and a chair if you are walking-up to a test site. Public restrooms may not be available at testing locations. It may take an average of 7 to 10 business days before you receive your results.

Promote a facility to an extend provider of visite Promote a facility to a facility to a facility of a facility o If you are requesting a rapid Antibody Fest to detect Caronavirus Intection, also known as Covid 19 or SARS-Cov-2, please read the following statement.

The Standard Warrior CCVID-19 igG/tgM Ropid Test is being marketed in accordance with the U.S. Food and Drug Administration's (FDA's) recent guidance. Blied "Policy for Diagnostic Tests for Corpnevirus Disease 2019 during the Public Health Energency." which was issued on March 16, 2020, FDA issued this guidance to help accelerate the availability of nevel coronavirus (CCVID-19) diagnostic tests developed by laboratories and commercial manufactures during the public health emergency.

- This test nos not been reviewed by the FDA:
- Negarive results do not rule out SARS CaV-2 infection, particularly in those who have been virus. Fallow-up festing with a malecular alagnostic should be considered to rule out infecting properties the second of the secon
- Result from antibody testing should not be used as the sale basis to diagnose or excito informinfection status.
- Partive results may be due to past or present intection with non-SARS-CoV-2 coronavity coronavity. N.A.S. OCKS, or 25%, or past or present intection with SARS virus (no. 6). Will work with your to determine how past to care for you based on the test results along with manyour symptoms.
- Not for screening of donated blood.

Carrollton, Oct 9, 2020 (Issuewire.com) - The Barbershop is a key element that displays what community is from beginning to end. The barbershop is the first stop a consumer makes to prepare for an event or for making a new transition in their lives. Come out and visit the Makin the World Famous (MTWF)pop up shop as they partner with APlus.D1 for their weekly youth football games during the month of October.

Every week APlus.D1 facilitates youth football games for players ages 4-13. Over 25 organizations flock to the gridiron for a chance to show off their skills. The facility also has programs that the community can register to be involved in and opportunities to rent the state of the art establishment.

Tickets are available for \$7 at the gate for a day of fun: youth sports with live music and while you are there catch a fade by Celebrity Barber VC and his team of elite barbers from around the metroplex.

"Barbers are industry professionals who commit his/her time and talent to making our business, programs and events relevant for our MTWF members and takes an active role in the development of the organization and initiatives" -Celebrity Barber, Vincent Castille

The event's purpose is to give the youth opportunities to shine not only in sports but in community initiatives. Currently, APlus.D1 invites teams from all over Texas. This Saturday's games will be hosted by North Dallas United youth football program.

MTWF hopes that this event can unite our city for a national spotlight in support of youth health and wellness.

The games will be held at A+D1 Training 3000 Belmeade Drive Carrollton, TX 75006. A facility that is family owned and operated by Agib Talib, Denver Broncos Super Bowl champion.

General Manager Yaqub "Que" Talib expressed that " having these games are beneficial to keeping the youth off the streets and redirecting their energy into something positive."

Concession stands will be available for purchase. Food catered by <u>Hutchins BBQ</u>.

All games will require facial coverings, social distancing, as well as other enhanced safety and health measures.

There will be Covid-19 and Flu testing available on-site, with insurance. The flu vaccine is available as well!! COVID-19 & flu testing does NOT affect your insurance deductible or anything else. It's 100% FREE and at no out of pocket cost to you. Provided by Pandemic Responses Organization (PRO).

Haircuts prices range from \$30 - \$45 and can be reserved and purchased via www.makintheworldfamous.com prior to any pop-up event.

MTWF has multiple branding opportunities from MakinTheWorldFamous LLC and its affiliate partners. Opportunities may include access to product placement, co-branding on mobile trucks, events and forums. If you are interested in advertising please visit www.makintheworldfamous.com
