

Massoud Hertzelt Soumekh, MD, FACS, a Neurosurgeon with Sharp HealthCare

Get to know Neurosurgeon Dr. Massoud Hertzelt Soumekh, who serves patients throughout the State of California.

New York City, Oct 20, 2020 ([Issuewire.com](https://www.issuewire.com)) - In practice since 1983, Dr. Soumekh is an accomplished neurosurgeon who is affiliated with Sharp HealthCare. More specifically, he can be found on staff at Sharp Chula Vista Medical Center, Sharp Grossmont Hospital (La Mesa), and Sharp Memorial Hospital (San Diego) in California.

“I always hold the patient’s care and treatment in the utmost regard. I will always put the patient’s best interest first and provide honest and complete care at all times” expressed the doctor.

His medical interests include anterior laminectomy, back evaluation and treatment, biopsy, brain tumor, cerebral bleed, laminectomy, minimally invasive spine surgery, nerve repair, spinal cord stimulator, spinal fusion, spine surgery, and stereotactic intracranial surgery.

Back in 1974, Dr. Soumekh earned his medical degree from the Tehran University of Medical Sciences, School of Medicine in Iran. Upon graduation, he went on to perform his residency in neurosurgery at the Wayne State University School of Medicine, followed by his fellowship at the Children’s Hospital of Eastern Ontario.

A trusted authority for exceptional care, he is board-certified through the American Board of Neurological Surgery, whose broad aim is to encourage the study, improve the practice, elevate the standards, and advance the science of neurological surgery and thereby serve the cause of public health. He is also a Fellow of the American College of Surgeons (FACS).

Neurosurgery is the medical specialty concerned with the prevention, diagnosis, surgical treatment, and rehabilitation of disorders which affect any portion of the nervous system including the brain, spinal cord, peripheral nerves, and extra-cranial cerebrovascular system. Neurosurgeons are doctors who diagnose and treat problems with the nervous system, often by performing surgery on the brain or spine. They treat strokes, tumors, cervical and lumbar disc disease, infections, and head or spinal cord injuries.

Outside of work, Dr. Soumekh enjoys gardening and spending time with his family. He speaks several languages, including English, Farsi, and Spanish.
