We do not share your information with anyone without your consent. [Read our Privacy Policy](#)

By clicking "I Agree" below, you are indicating that you have read and agree to the [McAfee End User License Agreement](#)

I AGREE

**London, Oct 23, 2020 ([IssueWire.com](https://www.issuewire.com))** - McAfee Total Protection is a premium antivirus software that protects its users from viruses, spyware, Trojans, etc. So, if you want to protect yourself from these threats, go to [www.mcafee.com/activate](https://www.mcafee.com/activate) and login to your account to download the software. Don't have a McAfee user account? Here's how you can create and configure your McAfee user account.

How to Create a New McAfee User Account?

Following are the steps that you can follow to create a new McAfee user account:

- Launch your web browser and visit the following URL address: [www.mcafee.com/activate](http://www.mcafee.com/activate).
- Now tap on the "My Account" tab present in the top right corner of the screen.
- Click on the "Register now" link.
- Now enter your first name.
- After that, enter your last name.
- Next, enter your email ID.
- Now enter your password.
- Next, confirm your password by re-entering it.
- Now, click on the "McAfee End User License Agreement" link to read the terms and conditions of the license agreement and then tap on "I Agree" to continue.
- You will receive an email on your email ID or registered email ID.
- Finally, tap on the "Verify" link to verify your details and account and complete the process.

How to Login to Your McAfee Account?

Following are the steps that you can follow to log in to your account:

- Visit [www.mcafee.com/activate](http://www.mcafee.com/activate)
- Now tap on the "Account" tab present in the top-right corner of the screen.
- Next, tap on the "My Account" link to open the login page.
- Now fill in your McAfee login credentials to log in to your account.

How to Change McAfee Login Account Password?

Following are the steps that you can follow to change the password of your McAfee user account:

- Now tap on the "My Account" link.
- Next, tap on the "Forgot your password?" link present below the "Log in" button.
- Now, submit your email ID.
- Next, tap on the "Send Email" option.
- Now, check your inbox and open the mail with the following subject line: "Reset your McAfee password."
- Finally, tap on the link that is present in the mail to reset your password.

How to Change McAfee Login Account Password for Android?

Following are the steps that you can follow to change the password of your McAfee user account:

- Launch McAfee mobile security app.
- Now click on the "Settings" option.
- Next, click on the "Change pin" option.
- Now, enter your new password and then confirm it by re-entering it.
- Finally, tap on the " Update" option to complete the process.

#### How to Find Your Registered Email Address if You Forgot It?

Following are the steps that you can follow to find your registered email address if you forget it:

- Open McAfee Total Protection software.
- Tap on the "Your Subscription" option.
- Now, you will see your email address in the left pane along with your McAfee Total Protection subscription details.

#### How to Find Your Registered Email Address Using the McAfee Website?

Following are the steps that you can follow to find your registered email address using the McAfee website:

- Now tap on the "My Account" link present under the login button.
- Next, tap on the "Forgot Your Email Address?" option.
- After that, follow all the on-screen instructions and contact the "Technical Support" team of McAfee to complete the recovery process.

**Note:-** Now, you will receive your email ID from the technical support team, and you can log in to your account by visiting the [McAfee.com/activate](https://McAfee.com/activate) login page.
