Psychedelic Capital provides investment grade information for the nascent psychedelic sector and presents a curated group of CEOs, financial experts, thought leaders and investment luminaries from around the globe.

This online event programming is dedicated to providing investment grade information for the emerging psychedelic sector and presents a curated group of CEOs, financial experts, thought leaders and investment luminaries from around the globe. Previous events have featured engaging presentations by influential firms in the burgeoning field of psychedelic medicine.

Presentations are 30 minutes in length, with 10 minutes always allocated to a one-on-one Q&A session with the audience. Psychedelic Capital features the top companies, latest IPOs, newest opportunities and deepest insights into the emerging psychedelic space. As the psychedelic renaissance continues its remarkable progress, the need for deeper insights into the investment landscape is more important than ever before.

This monthly virtual conference is aimed at providing quality information about psychedelics from industry experts and thought leaders. To register for your free tickets [please click here](#).

Can't make the live show? No worries. If you grab a ticket, you'll have access to the recordings which will be available post-event.
