

New Book “The Journey” Set to Hit Shelves In November

The story of a young entrepreneurs journey on the search for financial freedom.

Brisbane, Oct 6, 2020 (IssueWire.com) - New book “The Journey” is set to hit shelves in November. Why all the hype you ask, because this book entails the journey of a young entrepreneur, Isaac Bilokin who began his journey as an entrepreneur not long ago, but has so much to share.

What it's about?

The book explains the hardships of being an entrepreneur and how to overcome them and become a better version of yourself. It shows that making money from the internet is not as hard as it seems and is rather easy. It also encourages readers to start an online business.

About The Author

Isaac Bilokin is a teenage entrepreneur and author who hopes to conquer the world through business while adding value to the world while doing so, he wants to send his message out to anyone and everyone so they too, can live the life they are driven to.

Why You Should Buy

“The Journey” is not only an entertaining story that is pleasurable to read but it also teaches us valuable lessons when it comes to starting an online business that are important for any aspiring entrepreneur looking to make their big move. It does something many other books can't, and that's being able to entertain and educate.

When Will It Be Released

The book is planned to be released late November and can be found on major book retailers such as Amazon, Kobo, Barnes and Noble and many more.
