London, Oct 20, 2020 ([Issuewire.com](https://www.issuewire.com)) - A new COVID-19 test clinic nr Kings Cross, Islington is opening its doors to the borough's residents at 2B Kings Cross Road, Islington, London WC1X 9QA as it has become difficult to travel during the COVID19 pandemic. Traveling restrictions are continuously changing; the rules and regulations are now becoming tougher than ever. Basically, all travelers must have a Covid19 border entry test to be eligible for travel- this test determines whether you are infected with Covid19 or not, but no need to worry as this new test clinic will be open from 8 am - 8 am everyday (by appointment only) to make it easier for residents to get a COVID19 PCR Border entry test certificate to prove you are fit-to-fly, near to their home or place of work.

This walk-in test clinic is located at 2B Kings Cross Road, Islington, London WC1X 9QA. In walking distance of Kings Cross Station, Farringdon Station, Angel Tube Station, Old Street Station, St Pancras International and the Travelodge in Farringdon. It is important to get a Covid19 border entry test near you, as it is of great importance that everyone must follow the NHS standard operating procedure during this global pandemic. It is essential to have a COVID19 Test and Fit Fly Certificate to enter through Customs and Immigration at an airport.

To ensure that you are fit to fly, City Nurse is offering an in-clinic PCR-Covid19 test from a clinic near you. You can easily book an appointment online or call their 24hr booking line on 020-8133-9633. The date and time will be confirmed by email. The PCR saliva tests costs £175, including certificates and is valid worldwide except in UAE. You don't need to pay in advance and there are no charges for

cancellation but if you have already started showing Covid19 symptoms, you will be denied access to their testing clinic

Once you've done your test, you will receive your Covid19 test results in 2 days. The test will be conducted at their clinic to ensure a fast turnaround time and an accurate result. If your test is negative you can go ahead and travel following the SOPs to avoid getting infected during this global pandemic otherwise if the result turns out positive, immediately isolate at home and contact your nearest health facility.
