

New Turnkey Hospital™ Company Kicks Off With \$8.6 Billion in Prospective Contracts.

Edmonton, Oct 13, 2020 ([IssueWire.com](https://www.issuewire.com)) - Morgan Reynolds, Founder and President of Oaklu Developments Inc. and creator of Turnkey Hospital™ has formed a new company.

Because of the heralded success of his Turnkey Hospital™ and Turnkey Flat™ housing units, Mr. Reynolds decided to lead with strength and named his new company “Turnkey Future Corporation.”

Turnkey Future™ has a promising future. The corporation has already received RFP’s from 5 different public and private entities totaling \$8.6B. They include Turnkey Hospital™ facilities, Turnkey Energy™ projects and Turnkey Flat™ affordable housing.

Mr. Reynolds said, “There is an urgent need for more healthcare and affordable living facilities. Turnkey Future is providing them in a fast, affordable, high-quality way.” A fully equipped Turnkey Future hospital can be up and running within 90 days. The units contain everything from state-of-the-art operating rooms to a chapel. Among its many advantages, a TFC hospital is built to last and looks like the existing facility, not a temporary adjunct.

Anyone wanting more information is welcome to call Mr. Reynolds directly at +1 (780) 222-0928.
