

Nth Sense Opens up its Patient Engagement Services for Nutritionists and Pediatrician

Pune, Oct 15, 2020 ([Issuewire.com](https://www.issuewire.com)) - Nth Sense an [online patient engagement platform](#) endeavours at making the health care system more patient-centric in India. With this as a vision and a mission to bridge the gap between the patients and the healthcare providers, Nth Sense has now launched its [patient engagement services](#) for Nutritionists and Pediatricians.

Commencing with Dentists and Yoga professionals, Nth Sense has successfully benefited the associated doctors. The doctors on board have optimally harnessed the power of effective [patient engagement solutions](#) at Nth Sense and now can truly be seen nailing the patient engagement game. Witnessing this constant progress, Nth sense is all set to open its doorways for Nutritionists and Pediatricians too.

Based on the needs of the doctors and other healthcare professionals, Nth sense provides a four-dimensional patient engagement service that facilitates a [positive patient experience](#). This creates a win-win situation for both, the healthcare providers, and the patients.

Following are the services provided by the healthcare company which are eventually helping in the betterment of the healthcare system as a whole:

A) Digital engagement

- Thoughtfully curated blogs by the experts.
- Social media presence with creative and informative health tips.
- Webinars that cut the constraint of physical presence.
- Podcasts touching the health enthusiasts.

B) In-clinic engagement creating positive experiences at the clinics

C) Feedback surveys, giving patients a safe space to give anonymous feedback

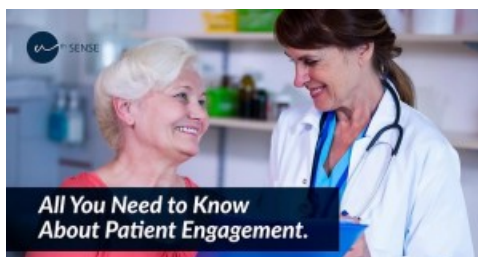

D) Analyzed reports for doctors to understand patient feedback, the impact of their digital engagement, and parallel business intelligence.

All the above services aim to let patients stay connected with their doctors thus helping the doctors to expand their services.

It is a known fact that COVID-19 pandemic has restricted physical in-clinic visits. Nevertheless, online [patient engagement solutions](#) seem to be the best choice for the Nutritionists as the concern of people around health has drastically increased. But there arises a gap between the health seekers and providers. Nth Sense smoothly bridges this gap.

Considering the Pediatricians, child health was, is and will always be disquiet for the parents. To ease the distress amongst parents and foster child health, patient engagement solutions prove to be real wealth.

For both these specialists, Nth Sense has opened its services with the prodigious determination that will empower [healthcare professionals](#) to solve the healthcare problems in all corners.
