

NurtureVet Thanks First Responders

High Quality Pet Supplements For First Responder's Dogs

Los Angeles, Oct 15, 2020 (Issuewire.com) - NurtureVet, the premier canine supplement company, is reducing their prices to honor military, police, firefighters, and EMT personnel. Why? Because first responder's dogs deserve to be nurtured!

"We want to thank these hard-working, committed people," said Samuel Vigil, owner and CEO of NurtureVet, "And what better way for us to give back to these heroes than through a discount!"

NurtureVet has worked with veterinarians to develop premium, high-quality products specifically formulated to help your dog thrive. Their recipes and ingredients have dogs think NurtureVet soft chews are tasty treats! While their treats are yummy, NurtureVet treats are high-quality, premium functional supplements, backed by thorough and extensive veterinary research with a commitment to the highest quality ingredients.

Dogs experience exceptional benefits when using these [NurtureVet](#) products:

- **Vitamins** with calcium, Phosphorus, Potassium, Magnesium, Iron, Zinc, Iodine, Copper, Vitamin A, Vitamin B12, Vitamin D3, and Vitamin E to maintain quality health.
- **Calming Support** developed with a special combination of chamomile, passionflower, L-tryptophan, and melatonin that helps to prevent fear-aggression and treats anxiety.
- **Probiotics** with 1,000,000,000 CFU microbial count that relieve gas, bloating, constipation, diarrhea, indigestion, stomach discomfort, anal gland issues, and skin and coat problems.
- **Joint Support** that contains Glucosamine Chondroitin MSM, Omega 3 fatty acids, as well as several other active ingredients to help support and boost your dog's joints.
- **Omega 3 Chews** made with more EPA and DHA than the majority of pet supplements, nourishes the body, boosts the immune system, and strengthens and protects from illness, pain, and injury.
- **Pet Wipes** that are hypoallergenic and durable, and completely free of parabens, alcohol, chlorine, and harsh chemicals, designed to clean dog's ears, face, folds, bodies, and teeth.

"We absolutely love the products from NurtureVet," says NurtureVet client, Santiago Lopez, "We own a Frenchie and only want the highest quality products for her! Couldn't be happier with our purchase. These aloe wipes are great for a quick wipe down after the park. Keeps her clean and smelling good too."
