

Paul Stuart Goes Live on ABS' ERP System

Philadelphia, Nov 10, 2020 ([Issuewire.com](https://www.issuewire.com)) - Apparel Business Systems today announced that Paul Stuart, one of the most well respected names in fashion, has implemented ABS' ERP software to leverage automation and comprehensive functionality to their newly launched footwear wholesale channel. Located in New York, NY and with retail stores in the US and Japan as well as product in National Retailers, Paul Stuart offers exclusive and custom tailored clothing, sportswear, footwear and accessories for men and women. <https://www.paulstuart.com/homepage>

ABS Enterprise Suite of Applications allow for true visibility, higher profitability, reduced costs, and robust functionality. ABS web-based ERP includes integrated core modules including Procure to Pay, Order to Cash, Manufacturing, Ecomm, Warehouse Management and Financials.

Paulette Garafalo, CEO, and President of Paul Stuart says, "We are pleased to be working with the ABS platform in conjunction with our wholesale partners Nordstrom, Neiman Marcus, and Saks Fifth Avenue. Our footwear and loungewear business continues to grow steadily and with these new capabilities, we look forward to expanding our future businesses."

"We are excited to partner with Paul Stuart in growing their presence across the wholesale channel, and look forward to helping them plan and implement their next phases of onboarding" said Jean Kopan, President of ABS. "We are committed to continue working with the folks at Paul Stuart to ensure that they take full advantage of all that ABS has to offer."

About Apparel Business Systems

ABS offers a comprehensive, web-based ERP solution designed for multi-channel operations including wholesale, distribution, manufacturing, and B2B/B2C E-Commerce. Our Cloud, SaaS, and on-premise software delivery options fit the needs of companies of all sizes. From small start-ups in their first years of business to global enterprises, ABS scalability insures it is the last ERP system you'll need. Apparel Business Systems' software and services help clients navigate technology, address business requirements & problems, and ensure they remain competitive and profitable.
