

Santiago Uribe-Marquez, MD, an Anesthesiologist with Henry Ford Hospital & Henry Ford West Bloomfield Hospital

Get to know Anesthesiologist Dr. Santiago Uribe-Marquez, who serves patients in Michigan.

New York City, Oct 22, 2020 ([Issuewire.com](https://www.issuewire.com)) - Recognized as a highly trained anesthesiologist, Dr. Uribe-Marquez ensures the safety of patients who are about to undergo surgery. He holds hospital privileges at Henry Ford Hospital & Henry Ford West Bloomfield Hospital in Michigan.

Henry Ford Hospital is a state-of-the-art academic hospital and research center located in Detroit's New Center area. The 877-bed hospital is recognized for clinical excellence in the fields of cardiology and cardiovascular surgery, neurology and neurosurgery, orthopedics and sports medicine, transplant, and cancer. It is the flagship hospital of Henry Ford Health System, one of the nation's leading comprehensive integrated health systems. The hospital is staffed by Henry Ford Medical Group.

Henry Ford West Bloomfield Hospital is a 191-bed hospital with all private rooms, located in West Bloomfield, Michigan. The hospital is focused on providing the highest quality clinical care, following a more than 100-year tradition of one of the country's premier health systems. It is staffed by physicians from the Henry Ford Medical Group – a group practice with a mission of clinical excellence, innovation, research, and advanced medical education – as well as physicians from the community. The hospital provides comprehensive, advanced care and is recognized for women's and children's health, neurosciences, orthopedics, cancer, and a wellness center with complementary therapies.

After earning his medical degree from Facultad De Ciencias para la Salud - Universidad de Caldas in Colombia in 2007, Dr. Uribe-Marquez relocated to the United States. He completed his internship in general surgery at Jackson Memorial Hospital in 2012, and his residency in anesthesiology at Henry Ford Hospital in 2016.

Wanting to further his training, he performed his fellowship in critical care medicine at Brigham and Women's Hospital in 2017, followed by his fellowship in cardiothoracic anesthesia at Duke University Medical Center in 2018.

As a testament to his success, he is board-certified in anesthesiology and critical care medicine by the American Board of Anesthesiology (ABA), whose mission is to advance the highest standards of the practice of anesthesiology. As the certifying body for anesthesiologists since 1938, the ABA is committed to partnering with physicians to advance lifelong learning and exceptional patient care.

Anesthesiology is the medical specialty concerned with the total perioperative care of patients before, during, and after surgery. It encompasses anesthesia, intensive care medicine, critical emergency medicine, and pain medicine. Anesthesiologists have the primary responsibility of monitoring the patient's vital signs during surgery. In addition to basic measurements such as pulse, blood pressure, and temperature, they measure the patient's respiration.

On a more personal note, Dr. Uribe-Marquez is fluent in both English and Spanish.
