

Steven F. Stanowicz, MD, a Dermatologist with Orange Dermatology Center

Get to know Dermatologist Dr. Steven F. Stanowicz, who serves patients in Orange, California.

New York City, Oct 13, 2020 ([Issuewire.com](https://www.issuewire.com)) - Top dermatologist, Dr. Stanowicz, understands the importance of skin care and is committed to providing patients with high-quality care in a pleasant and professional atmosphere. He is in practice with Orange Dermatology Center in California.

“Whether we’re addressing your skin cancer concerns or informing you of the latest cosmetic procedures, our top priority is to ensure that your experience with our practice is second to none. We recognize that every patient has different needs, and we pride ourselves in the courteous service we deliver to each person who walks through our doors. Your skin deserves the best and we thank you for choosing us to help keep your skin healthy and beautiful for years to come” as stated on their website.

Back in 1971, Dr. Stanowicz graduated with his medical degree from State University of New York Medical School. He completed his internship in internal medicine at the University of California Irvine, and his residency in dermatology at the University of California, Los Angeles, where he was chief resident.

For over two decades, he has been a Clinical Associate Professor at the University of California, Irvine, teaching dermatologic surgery. He is also board-certified through the American Board of Dermatology, which is a voluntary, non-profit, private, autonomous organization formed for the primary purpose of protecting the public interest by establishing and maintaining high standards of training, education, and qualifications of physicians rendering care in dermatology.

With an interest in surgical dermatology, especially treatment of skin cancer, Dr. Stanowicz is a member of the American Society for Dermatologic Surgery (Fellow), the American Academy of Dermatology (Fellow), and the American College of MOHS Micrographic Surgery and Cutaneous Oncology.

Dermatology is the branch of medicine dealing with the skin. The skin is the largest organ of the body. Dermatology is a specialty with both medical and surgical aspects. A dermatologist is a specialist doctor who manages skin diseases and deals with both internal and external causes and some cosmetic concerns involving the skin. Dermatological duties include taking consultations, providing screening tests, and undertaking non-invasive surgical procedures.

Happily married, Dr. Stanowicz and his wife, Joy, have five adult children.
