

Susan Waters Releases New Single ‘Long Way Home’

Susan reveals her gift for deeply moving storytelling

Minneapolis, Oct 7, 2020 ([Issuewire.com](https://www.issuewire.com)) - While [Susan Waters](#) is developing a reputation as an artist capable of mining her own soul for inspiration, she is equally adept at creating intimate character sketches with a novelist's eye for detail. On her newest single, she creates a vivid world of hard luck ordinary people seeking redemption for past mistakes and clinging to hope in the face of an uncertain future.

The characters in 'Long Way Home' are all inhabiting a world gone wrong. They are aging divorcees, teenage mothers, and exhausted laborers. Most of all, they are lost souls waiting for "a change in the wind to blow the clouds away," as Susan sings in a climactic moment. She doesn't offer any easy paths to salvation, only encouragement to persevere and never give in to the darkness. Set against an upbeat Americana groove, 'Long Way Home' is an uplifting anthem for imperfect people making the best of their lives.
