Chiropractic is a form of alternative medicine that mainly deals with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. A chiropractor uses spinal adjustments, manipulation, and other techniques to manage patients' health concerns, including neck pain, back pain, headaches, vertigo and a long list of other ailments and conditions. They aim to improve patients' functionality and quality of life by properly aligning the body's musculoskeletal structure and enabling the body to heal itself naturally, without the use of medication or surgery.

When not taking wonderful care of his patients, Dr. Doucette loves spending time with his friends and family outdoors and staying active with activities such as tennis, basketball, golf, and hiking / biking the MRT. He also enjoys keeping up to date with the latest movies to hit the big screen.

Born on the east coast and raised in Minnesota and Wisconsin, Dr. Doucette has recently relocated and now calls Cottage Grove home. He loves spending time outdoors and on the water at his family cabin located near Webster, Wisconsin but also enjoys vacationing in warm weather during Minnesota's chilly winter months.
