Get to know Family Physician Dr. Virginia A. Sampang, who serves patients in Chevy Chase, Maryland.

New York City, Oct 28, 2020 ([Issuewire.com](https://www.issuewire.com)) - Dr. Sampang is a fellowship-trained family physician in practice since 2008. She is the Founder of Grace Medical Clinic, LLC in Chevy Chase, Maryland.

As such, she provides primary care to her patients and offers services on acute illnesses that are not life threatening from newborn to elderly, as well as conducts specified physical exams. She is committed towards providing excellent patient care and delivers a compassionate approach in treating her patients from childhood to adulthood.

Prior to forming Grace Medical Clinic, LLC, she provided medical care to veterans at the Martinsburg VA Medical Center in West Virginia, and worked in urgent care facilities in the Northern Virginia and Maryland area.

Born in the Philippines to a family of medical professionals, Dr. Sampang graduated with her medical degree from the Far Eastern University – Nicanor Reyes Medical Foundation in 1995. She obtained her board certification in emergency medicine after completing her residency at St. Luke's Medical Center in Quezon City, Philippines.

Upon relocating to the United States, she went on to perform her residency in family medicine and her fellowship in geriatric medicine at the Medical Center of Central Georgia.

Among her professional affiliations, she is a member of the American Academy of Family Physicians, the Virginia Academy of Family Physicians, and the American Geriatrics Society.

With a focus on comprehensive health care for people of all ages, Dr. Sampang is board-certified in family medicine by the American Board of Family Medicine (ABFM). The ABFM is a non-profit, independent medical association of American physicians who practice in family medicine and its sub-specialties.

Family medicine is a medical specialty devoted to comprehensive health care for people of all ages. The specialist is called a family physician or family doctor. A family physician is often the first person a patient sees when seeking healthcare services. They examine and treat patients with a wide range of conditions and refer those with serious ailments to a specialist or appropriate facility.

Fluent in both English and Tagalog, Dr. Sampang attributes her success to the support of her family and continuous learning. Throughout her career, she has worked for several clinics and at each clinic, she has learned what works and what doesn't. As a result, her new practice benefits from her knowledge of other clinics she has worked at.
