

William R. Wilson, MD, FACS, FAAP, a Cardiothoracic Surgeon with Coastal Cardiothoracic and Vascular Surgery

Get to know Cardiothoracic Surgeon Dr. William R. Wilson, who serves patients in Portsmouth, New Hampshire.

New York City, Oct 21, 2020 (Issuewire.com) - Dr. Wilson, a highly trained cardiothoracic surgeon, is in practice with Coastal Cardiothoracic and Vascular Surgery in Portsmouth, New Hampshire.

A part of Appledore Medical Group, Coastal Cardiothoracic & Vascular Surgery has been providing

comprehensive, advanced cardiothoracic surgical care for the seacoast region since 1998. Recognized as a Center of Excellence in cardiac surgery, the multi-disciplinary surgeons are dedicated to providing high-quality treatment for conditions affecting the heart and lungs.

A 1982 graduate of the University of Connecticut School of Medicine, Dr. Wilson went on to perform his residency in general surgery at the University of Vermont in 1987. He then completed his residency in cardiac surgery at Case Western Reserve University in 1989, followed by his fellowship in pediatric cardiovascular surgery at The Christ Hospital in 1991.

In practice for over four decades, the doctor is board-certified in thoracic and cardiac surgery by the American Board of Thoracic Surgery, which is an American surgical organization devoted to surgery of the chest.

Furthermore, he is board-certified in surgery by the American Board of Surgery, an independent, non-profit organization located in Philadelphia, Pennsylvania, founded for the purpose of certifying surgeons who have met a defined standard of education, training, and knowledge.

Among his most notable achievements, Dr. Wilson attained Fellowship status with the American College of Surgeons (FACS) and the American Academy of Pediatrics (FAAP).

Cardiothoracic surgery is the field of medicine involved in the surgical treatment of organs inside the thorax. Cardiothoracic surgeons are medical doctors who specialize in surgical procedures inside the thorax, which may involve the heart, lungs, esophagus, and other organs in the chest. Alongside performing surgery, they also diagnose and treat diseases of these organs.
