Innovative and independent music & tech executive with more than two decades of experience in the music business and related industries, PRO is the founder of CREATE. Digital Music, which offers distribution and creative solutions for music-based content creators. Over his career, PRO has built dynamic music catalogs, developed diverse revenue streams for musicians, aligned major brands with elite talent, and elevated the careers of an array of independent artists. He's also on the Advisory Board of the Cerritos College Commercial Music Department and a voting member of The Recording Academy.

"Since August 2018, PRO has been an active member of Notes for Notes' Los Angeles Soundboard," said Notes for Notes (N4N®) Co-founder and CEO Philip Gilley, referring to the organization's regional support committee. "He's generated some amazing opportunities for our members in Los Angeles, St. Paul, and Austin, including bringing in high-profile recording artists for them to meet," Gilley said that PRO is also helping young producers sell their sound packs online and generate real revenue, and currently offering a monthly Music Industry Workshop digitally for any Notes for Notes member.

"PRO truly embodies the spirit of N4N®, making a difference in the lives of young people through music," said Gilley.

Added Roderick Hare, Co-founder and Board Chair of Notes for Notes, "PRO's extensive music industry experience and his deep commitment to Notes for Notes' mission make him an ideal addition to our organization's leadership."

PRO's election deepens and grows the Notes for Notes Board of Directors, whose members represent a wide range of backgrounds, from music creation and event production to the legal, media, and finance industries.
