

Antaa Has Just Launched To Help You With Birthday and Holiday Gift Shopping.

Antaa Technologies Inc. has announced the immediate availability of a new application to help people have a better mobile experience giving and receiving gifts to family and friends.

Kitchener, Nov 14, 2020 ([Issuewire.com](https://www.issuewire.com)) - Antaa Technologies Inc. has announced the immediate availability of a new application to help people have a better mobile experience giving and receiving gifts to family and friends.

Antaa Technologies Inc. have announced the first release of their cross platform application helping mobile commerce users with the gift giving experience between family and friends. [Antaa](https://www.issuewire.com) is available on iOS and Android with internationalization support for North American and European markets.

Antaa '*Wishlists for Everyone*' allows users in a matter of minutes to find gift ideas, share with friends and family and build a trusted private network to manage gift purchases all year round. Mobile Commerce sales are forecast to hit \$2.91 trillion in 2020, with 25.4% YoY growth from 2019. After extensive trials throughout 2020, Antaa is now in general release on both Apple and Android app stores.

"Our phones have become embedded in so much of our daily activities, yet planning, giving and receiving gifts between family and friends has remained cumbersome and clunky, until now. We are

incredibly excited to share Antaa with everyone and bring the real-world experience of giving gifts to a mobile first global market,” said Sean McCabe, CEO and Founder of Antaa Technologies, Inc.
