

Author Pamela D. Smith Shows You How To Pray With Power, Passion, And On Purpose In Her New Book 'While At The Altar'

Austin, Nov 9, 2020 (IssueWire.com) - Whether you are praying for your children, spouse, finances, or struggles, prayer is a vital component to connecting to God in any given situation. Author, speaker, and literary consultant, Pamela D. Smith seeks to encourage readers to pray with power, passion, and on purpose through her new book, ***While At the Altar***.

Pamela believes that prayer is a divine weapon that carries much power, but oftentimes many people fail to realize to use that power. While many individuals think they don't know how to pray or don't know what to say, prayer really is a dialogue with God.

This prayer book will help enhance the prayer life of those who believe that prayer is a spiritual lifeline and who want to make the prayer their lifestyle. This book also includes guided prayers regarding different life situations that we all face such as marital challenges, depression, or dealing with sickness, just to name a few.

This book will help increase your faith, enrich your life, and give you a solid understanding of how to pray on purpose. It will also help you master problem areas in your life by praying intentionally. It will give you life-changing strategies and hope to help you thrive during times of adversity.

“In order to thrive in life, we must become effective prayer warriors. Don’t mistake thriving to mean that you won’t experience obstacles, hardships, setbacks, and disappointments. Thriving means that even though you may experience these things, you should keep praying, keep trusting, keep believing, and keep standing,” says Smith, founder of the personal brand, Pamela D. Smith.

While At the Altar contains powerfully crafted prayers and affirmations to help many grow spiritually. It will also help the readers develop a habit of praying while empowering their lives.

“For many years, my prayers were generic. I prayed things like thanking God for being alive, thanking Him for health and strength, and for my family and their protection. Prayers like that. Praying these things were important and I still include them in my prayer life. However, the more I developed spiritually, the more strategic and intense my prayers became,” says Smith.
