New York City, Nov 13, 2020 (IssueWire.com) - Dr. Toome has been practicing both cosmetic and general dermatology for over 25 years. She is a part of the team of professionals at The Derm Group, seeing patients at the offices in Egg Harbor Township and Marlton, New Jersey.

Treating all diseases of the skin, hair, and nails, her expertise includes laser surgery for sun damage, acne scars, and broken blood vessels. She performs skin cancer screenings and surgery, remaining passionate about keeping her patients' skin both healthy and beautiful. She is also a leader in her field for Botox and fillers for the aging face and has served as an educator for various injectables.

The premier destination for all skin care needs, The Derm Group has over 15 convenient locations in New Jersey, New York, Pennsylvania, and Connecticut. Whether a patient is interested in cosmetic enhancements or clinical treatments, the providers at The Derm Group offer a combination of diverse specialties and medical backgrounds in order to treat a wide range of skin conditions. “

“The Derm Group is devoted to using the latest research and technology available while providing our patients with the same level of expediency and customer service as a primary care physician. Each member of the staff is committed to caring for the total well-being and health of our patients. Our goal is to make your experience with us as positive, helpful and informative as possible” as stated on their website.

Back in the early days of her academic career, Dr. Toome graduated with her medical degree from the University of Medicine and Dentistry of New Jersey in 1986. She then went on to complete her residency in dermatology at the University of Rochester in New York.

Following her training, the doctor attained board certification in dermatology through the American Board of Dermatology (ABD). The ABD is a voluntary, non-profit, private, autonomous organization formed for the primary purpose of protecting the public interest by establishing and maintaining high standards of training, education, and qualifications of physicians rendering care in dermatology.

Achieving fellowship status, Dr. Toome is a Fellow of the American Academy of Dermatology and a Fellow of the American Society for Dermatologic Surgery.

Dermatology is the branch of medicine dealing with the skin, the largest organ of the body; a specialty with both medical and surgical aspects. A dermatologist is a specialist doctor who manages skin diseases and deals with both internal and external causes and some cosmetic concerns involving the skin. Dermatological duties include taking consultations, providing screening tests, and undertaking non-invasive surgical procedures.
