

Captain Towing Dallas Now Offers Long Distance Towing Services

The company looks forward in reaching out to road users who go for a long haul.

Dallas, Nov 12, 2020 ([IssueWire.com](https://www.issuewire.com)) - Recognized for dispensing hassle-free towing services, Captain Towing Services is all set to reach distant locations at the quickest time possible. The [towing Dallas](#) company that had a humble beginning at a Preston Oaks garage and still call Dallas it's home recently started offering long distance towing services. The owners stated that their aim is to ensure complete peace of mind for their clients. Available for 365 days per year and on a 24/7 basis, the company has started making a gradual move towards serving people based far and wide.

"Just like any other service offered by our towing experts, the long-distance service will also be another necessary add-on. As a locally based company, we understand the precise requirements of Dallas vehicle and road users very well. Any vehicle that must be towed from far off places can be towed and sent to nearest service centers within the shortest possible time" said one of the chief executives of the company.

At Captain Towing Services, they have an extensive fleet of service vans and tow trucks, which are must-haves for long distance towing. Besides, the vehicles are well maintained and equipped with the necessary tools to facilitate seamless towing, the owners expressed. The [Dallas towing](#) company now takes pride in having wide-ranging choices of services, apart from long-distance towing, including emergency, tow dolly, flatbed towing, motorcycle towing, heavy-duty towing and more.

The CEO of the company, Alan Bagnell, said, "We specialize in a number of towing services, and this is the recent one. Technicians are now placed at strategic points all across the city, which we could manage to afford after developing into a larger team. For all those who were initially doubtful if they could avail effective and cost-effective towing services should find relief knowing we're catering to different places across Dallas. We believe that reputation and security matter the most. Therefore, we always rely on licensed and highly experienced towing experts and latest models of [tow truck Dallas](#). The vehicles are owned by us, which is another reason why we can make bigger commitments".
