

Fexle Services Expands Global Footprint with Germany & Australia Office

Berwick, Nov 9, 2020 ([IssueWire.com](https://www.issuewire.com)) - [Fexle Services](#), a top-rated [Salesforce consulting company](#) in the USA and India, has taken the next step in its global expansion program with the opening of a new office in Germany and Australia.

Fexle, which is partnered with Salesforce, AWS, and other technology giants, has already established itself as a top-notch Salesforce Silver Consulting Partner company in the USA and India. Now it is all set to offer scalable and futuristic Salesforce consulting services in marketing cloud, sales cloud, service cloud, Heroku, Einstein Analytics, and many more with utmost perfection. With the new global expansion, the company has added a new feather in its hat.

Fexle's director Mr. Bhawani Sharma says, "the new expansion brings Fexle CRM solutions close to many prospective and present customers in Germany and Australia who hailed from multiple industries including manufacturing, financial, engineering, media, fashion & entertainment, oil & gas, and many more."

Both Germany and Australia, host large Salesforce opportunities and are strengthening their presence in the cloud-based space with multiple COE (Centre of Excellence) being set up in the city. Artificial Intelligence also has a huge workforce in the countries in the present time.

The humongous CRM opportunities have led to the strategic expansion of Fexle Services in Germany and Australia. It will facilitate the company to offer the best Salesforce consulting services to local companies, leveraging its global network and proficient services.

"Our expansion to Germany and Australia will enable us to develop a cohesive service network and further empower our service experts in these regions." Added further, Fexle director, Mr. Bhawani Sharma.
