The Portugal Golden Visa program emerged as one of the most popular schemes in all of Europe with many investors showing interest in its prospects because of its benefits and flexibility. This was launched in 2012 and the investor visa program has thus been promoted internationally under the impetus of the Portuguese government. The investment plan can go down to as affordable as €350,000 in real estate in Algarve that comes along with a residency permit for families with dependent children. The visa is applicable for renewal every two years under the rule that applicants must spend at least two weeks in Portugal every two years.

Chris White, of Ideal Homes Portugal, was quoted in the National newspaper as saying ” Portugal won Best European Country in a recent USA Today readers’ poll, which shows that people are starting to take notice of Portugal, not least for its cultural attractions, stunning coastlines, ideal climate, and great property investment potential.” This comes hot on the heels of being voted, two years running, the Best Country in the World to Visit, by one of the world’s most prestigious travel magazines - Conde Nast Traveller, and the Algarve, in particular, being singled out at the World Travel Awards as Europe’s Best Beach Destination.
