

Gokaddal brings 41 Digital Smart Solutions to Mid East

The Cloud Platform has more than 40 disruptive Industry solutions for IOT, AI, Smart Cities and other Verticals

Global Availability Via

Dubai, Nov 22, 2020 ([Issuewire.com](https://www.issuewire.com)) - **Gokaddal**, World's First Digital Solutions Exchange Cloud Platform, has now 41 Smart Solutions on its platform. These solutions, ranging from Artificial Intelligence, Analytics, Cyber Security & IoT to Smart Cities, Smart Health, EdTech, Transportation & Drone Services, are now available for Solution adopters and Integrators across MENA region.

Gokaddal is based at Dubai Technology Entrepreneur Campus (DTEC), part of Dubai Silicon Oasis (DSO). Gokaddal is focused on 4A areas: **Automation, Artificial Intelligence, Analytics & Augmentative Technologies**. Launched in March 2020, version 1 of Gokaddal Platform offers Solution Aggregation and Solution Marketplace capabilities by connecting Solution providers, Solution Seekers and Solution Integrators onto a common, integrated Cloud platform. Gokaddal, in its short span of 8 months, has aggregated 41 disruptive solutions and services, along with some reputed Solution Seekers & Integrators. Gokaddal aims to be the one-stop destination for all Digital Transformation needs of Enterprises and has got an industry veteran team of senior consultants with rich experience & expertise in these emerging technology areas.

Gokaddal Founder & Managing Director, Mr Ravinder Pal Singh is a well-known industry leader and digital disrupter, having been recognised as one of the **"Top 50 Global Smart City Impactful Leaders"** in 2016, 17 and 19. Ravinder has earlier worked in leadership roles in Dell Technologies, Wipro and Cisco, where he has been instrumental in managing & leading key Digital Transformation projects across Smart Cities, eGovernance, Data Centre & Cloud, Healthcare, Education & Manufacturing segments. ***"Our vision is to provide a seamless experience to Digital Transformation users by bringing together all stakeholders on to a common Integrated platform - Solution Providers, Solution Seekers, Solution Integrators, Consultants, Designers and Service providers. As Digital is the new normal, it is very important to have a platform like Gokaddal which reduces time to finalise the right solution by more than 50% for Enterprises. We look forward to becoming a Digital Transformation hub for customers across the world"***.

Gokaddal is now working on version 2 of its platform which will offer Verticalized Industry solutions for customers. Gokaddal has also created Digital Transformation Lifecycle services like Transformation

Consulting, Design, Architecture, Deployment and Management with professional services partners and OEMs.
