

Hiren R. Patel, MD, a Radiologist with Atlantic Medical Imaging

Get to know Radiologist Dr. Hiren R. Patel, who serves patients in Toms River Township, New Jersey.

New York City, Nov 16, 2020 ([Issuewire.com](https://www.issuewire.com)) - Dr. Patel, a board-certified musculoskeletal radiologist, serves as the Medical Director & Chief of Musculoskeletal Imaging at Atlantic Medical Imaging in Toms River Township, New Jersey. His special interests include musculoskeletal imaging (bones, joints, and spine); ultrasound-guided minimally invasive procedures; MRI, CT and ultrasound;

coronary CT angiography; and general diagnostic imaging.

Atlantic Medical Imaging started in 1964 as a one-man radiology practice at Atlantic City Medical Center's City Division. The goal was to serve the community by combining sensitive patient care with delivery of the most rapid, accurate diagnostic imaging services possible.

Today, Atlantic Medical Imaging is a quality-driven medical imaging practice committed to clinical excellence by providing innovative service and compassionate care that exceeds expectations. The 52 board-certified radiologists and 550 member staff work hard to make Atlantic Medical Imaging the region's premier radiology services provider of choice.

After earning his medical degree from Stanford University School of Medicine in 1997, Dr. Patel went on to serve his internship at Massachusetts General Hospital in 1998. He then completed his residency in diagnostic radiology at Brigham and Women's Hospital in 2002, followed by his fellowship in musculoskeletal imaging at the Hospital for Special Surgery in 2003.

With a focus on all facets of musculoskeletal imaging, he is board-certified in diagnostic radiology through the American Board of Radiology (ABR). The ABR is a not-for-profit physician-led organization that oversees the certification and ongoing professional development of specialists in diagnostic radiology, interventional radiology, radiation oncology, and medical physics.

A leader in his field, Dr. Patel specializes in diagnosing and treating injuries and diseases using medical imaging techniques such as X-rays, magnetic resonance imaging, and computed tomography exams. He is an attending radiologist at AtlantiCare Regional Medical Center.

Radiology is a medical specialty that uses medical imaging to diagnose and treat diseases within the human body. Radiologists are medical doctors who specialize in diagnosing and treating injuries and diseases using medical imaging procedures, such as exams and tests, X-rays, computed tomography, magnetic resonance imaging, nuclear medicine, mammography, positron emission tomography, and ultrasound.

Striving for excellence, Dr. Patel has dedicated his life to providing the highest standard of quality and compassionate care to his patients. His patient-centric focus, paired with his contributions to his field, made him a very worthy winner of a 2018 Top Doctor Award.
