Press Release - WOSB/WBE Announcement

For Immediate Release

InVision Source proudly announces WOSB/WBE certification

NEW YORK, NY November 9, 2020 – a business specializing in IT Consulting and Cloud solution deployments – is proud to announce national certification as a Women-Owned Small Business (WOSB) by the Women's Business Enterprise Council (WBEC), a regional certifying partner of the Women's Business Enterprise National Council (WBENC).

"The Women's Business Enterprise (WBE) certification gives InVision Source the capability to address federal government opportunities to which these certifications grant access. InVision Source is excited to be officially recognized by Women's Business Enterprise National Council (WBENC) and to be joining a mutually-beneficial community that connects federal agencies with women-owned small businesses," said Carla Virola, CEO of InVision Source. InVision Source now joins a select community of more than 13,000 certified Women's Business Enterprises, 14 national Regional Partner Organizations, and over 300 Corporate Members. InVision Source in addition to providing solutions to the government will be positioned to provide Cloud Consulting service to 1,000 corporations representing America's most prestigious brands as well as many states, cities, and other entities accept WBENC Certification.

WBENC, the leading advocate for and authority on WBEs for the nation's corporations, is a third-party certifier of the Small Business Administration's (SBA) WOSB Federal Contract Program. WBENC's national standard of certification, implemented by the WBE, is a meticulous process including an in-depth review of the business and site inspection. The certification process is designed to confirm the business is at least 51% owned, operated and controlled by a woman or women.
