

Jean Marie Wilson, RN, a Registered Nurse with NYC Health + Hospitals/North Central Bronx

Get to know Registered Nurse, Jean Marie Wilson, who serves patients in New York, New York.

New York City, Nov 20, 2020 ([Issuewire.com](https://www.issuewire.com)) - Jean is a registered nurse & a certified lactation counselor. She tends to patients at NYC Health + Hospitals/North Central Bronx.

NYC Health + Hospitals/North Central Bronx, better known as North Central Bronx Hospital, is a municipal hospital founded in 1976 and operated by NYC Health + Hospitals. The 17 storey Brutalist style building is located next to the Montefiore Medical Center in the Norwood neighborhood of The Bronx in New York City.

At the start of her academic career, Jean graduated with her nursing degree from Hostos Community College in 1991. From there, she attended the Lehman College School of Continuing and Professional Studies and earned her Bachelor of Science in Nursing degree in 2003.

In order to stay up to date in her field, she remains an active member of the American Nurses Association and the New York State Nurses Association.

A Registered Nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.
