

Leawo Software Announces Free Giveaway for iTunes Music Converter

To continue celebrating Halloween and November, Leawo Software just rolled out Free Giveaway activity for iTunes Music Converter, which will last until Nov. 25, 2020.

A Halloween-themed promotional banner for Leawo Software. The background is orange with a white spiderweb pattern. A large white ghost is the central figure. In the top left, the word "Boo!" is written in a black, hand-drawn font. In the top right corner, there is a purple square with a white "X" icon. The banner features several promotional elements: a black starburst in the upper right says "UP TO 50% OFF" in yellow; a purple starburst in the lower left says "Win \$50" in white; an orange starburst in the lower right says "FREE" in white. In the center, there is a plus sign between two orange pumpkins. To the left of the plus sign is the Amazon logo (a black square with a white "a" and "amazon.com" above it). To the right is a box of "Leawo Prof. DRM Music Converter" software. At the bottom, the text "2020 Halloween" is written in large, bold, black letters.

solutions and data management software, ranging from Blu-ray/DVD tools to mobile utilities, just rolled out a free giveaway activity for [iTunes Music Converter](#). Two weeks ago, Leawo Software has launched [2020 Halloween Contest, Giveaway & Specials](#) event, including "Win \$50 Amazon Gift Card" event and up to 50% off discount on hot-selling bundles. The most not to be missed is the free giveaway activity for iTunes Music Converter.

DRM, the abbreviation of Digital Rights Management, is a copyright protection scheme that controls the use of proprietary and copyrighted works. It is known to all that DRM protected works can only be used in the way that copyright holders set.

Leawo Prof. DRM merges iTunes Video Converter, iTunes Music Converter, Spotify Music Converter, Audible Audiobook Converter and eBook Converter together into one program, helping users to copy and convert DRM protected videos, music, audiobooks and eBooks to popular DRM-free files, which breaks the limits of entertaining on specified devices only.

iTunes Music Converter is a module in Leawo Prof. DRM, which is able to convert DRM-protected iTunes M4P and non-DRM iTunes M4A music to MP3 with original quality kept, including Artists, Albums, Genres, Composers, etc. while channels, sampling rates and bit rates are selectable so that users can freely transfer the DRM-free iTunes music to any media player and mobile device.
