

Mobile game *Destiny Child: Defense War* Tops Strategy Game Charts

Seoul, Nov 10, 2020 (Issuewire.com) - Publisher and mobile game developer Thumbage Co., Ltd. announced that its mobile game *Destiny Child: Defense War* took the #2 and #21 spot on Google Play Store's Top New Free Game Strategy charts in Singapore and Australia on the 5th of Nov.

In addition to its #2 place in Singapore, the game is ranked #25 in Google Play Store's Top new free games.

Notably, the game is gradually gaining momentum through its dynamic gameplay and the positive feedback from players.

Destiny Child: Defense War is a defense game that utilizes the IP(intellectual property) of *Destiny Child*. The player becomes an Archfiend Candidate and will, in battle, challenge for the highest honor.

The player can summon *Destiny Child*'s characters and defend the Archfiend. All the favorite characters from the original *Destiny Child* game can be summoned to guard the Archfiend, such as Davi, Mona, Lisa, and Frej!

Players can battle in real-time matches with players from all over the world. Players can battle with friends or clan members.

Destiny Child: Defense War is expected to have its official launch by the end of the year.
