

Mobile game *Destiny Child: Defense War* Available now in 150 countries

Seoul, Nov 23, 2020 ([IssueWire.com](https://www.issuewire.com)) - Publisher and mobile game developer Thumbage Co., Ltd. announced that its mobile game *Destiny Child: Defense War* is now available on iOS and Android platforms in 150 countries.

The game has previously soft-launched in Australia and Singapore and is gradually gaining momentum through its dynamic gameplay and the positive feedback from players.

Destiny Child: Defense War is a mobile defense game that utilizes the IP (intellectual property) of *Destiny Child*. The player becomes an Archfiend Candidate and will, in battle, challenge for the highest honor.

The player can summon *Destiny Child*'s characters and defend the Archfiend. All the favorite characters from the original *Destiny Child* game can be summoned to guard the Archfiend, such as Davi, Mona, Lisa, and Frej!

Players can battle in real-time matches with players from all over the world. Players can battle with friends or clan members.

For more information on the events and the game, visit *Destiny Child: Defense War*'s Facebook page. (<https://www.facebook.com/DCDW.GL/>)
