

New Brand - Traditional Company - Luxury furniture manufacturer Schwanekamp returns!

The new brand from the 115 year old company will be dedicated to manufacturing tailor-made furniture and high-quality interior fitting out for private clients for local and international markets.

London, Nov 30, 2020 ([Issuewire.com](https://www.issuewire.com)) - New Brand - Traditional Company - Luxury furniture manufacturer Schwanekamp returns!

Today, Holztechnik Schwanekamp GmbH from Vreden, Germany is announcing a new brand "Schwanekamp Interior" to the UK market. The new brand from the 115-year-old company will be dedicated to manufacturing tailor-made furniture and high-quality interior fitting out for private clients for local and international markets.

Under the direction of the two managing directors, Delia Bensing and Stefan Deelmann, this new approach with an international strategy has been specifically developed to expand on the companies past successes. While her sister company, MOprojects GmbH, has made a name for itself in the international shopfitting market with luxury brands such as Cartier, Chanel or Dior and is one of the market leaders in this field. the company now wants to make the expertise gained from this available to demanding private customers.

"For some time now, we have been observing the trend, which was further intensified with the outbreak of the Corona pandemic, of using one's own four walls not only as living space but increasingly as a workplace and for receiving customers. With Schwanekamp Interior, we can produce tailor-made interior design solutions for all needs and set them up on-site", says Delia Bensing.

While many furniture manufacturers have made themselves dependent on out-sourcing from various overseas markets, Schwanekamp Interior remains committed to its home in the Münsterland region and focuses on the sustainable production of quality products in its own factory.

"Due to our understanding of precision, quality and attention to detail, we have established ourselves as suppliers to internationally renowned luxury brands. We also want to achieve this success in the B2C sector and inspire customers with our passion for exquisite interiors", concludes Stefan Deelmann.

Management Team: Delia Bensing and Stefan Deelmann

Schwanekamp Interior combines the competence of MOprojects GmbH in the field of interior design and furniture construction. Based on more than 115 years of knowledge and experience, Schwanekamp Interior offers particularly demanding business and private customers all-round high-quality project support as a specialist for interior design - Made in Germany from planning to complete production and assembly.
