NeuroPsychiatric Hospitals utilizes an integrated healthcare model at each of its hospitals. The interdisciplinary teams consist of highly-trained and qualified physicians, clinicians, and nurses with an unwavering dedication to the care of patients. Their mission is to ensure that all complexities of the patient are addressed to better heal the body and mind.

The programs at NeuroPsychiatric Hospital facilities maintain an interdisciplinary focus. Using a multi-specialty approach for neuropsychiatric and complex medical care fosters coordination among team members and team problem-solving. This proven approach provides an unrivaled quality of care for all patients.

A 2014 graduate of MedTech College, Nikki holds Wound Care Certification (WCC). In order to obtain WCC, one must have at least 3 years of wound care experience (either a nurse with a Bachelor's degree or eligible via the experiential pathway through the WOCNCB).

A Licensed Practical Nurse (LPN) provides routine care for the sick or injured. They work under the supervision of doctors and registered nurses, performing duties such as taking vital signs, collecting samples, administering medication, ensuring patient comfort, and reporting the status of their patients to the nurses.

LPNs are generally hired in smaller settings such as nursing homes, home health environments, and rehabilitation centers. They must be skilled in balancing care for patients and completing practical daily administrative tasks.
